## **Food for Thought, mostly fill for the WO**

### ***Resolution-Quote-of-the-Day***

- 1) Good resolutions are like babies crying in church. They should be carried out immediately.
- 2) If someone tells you he is going to make a "realistic decision," you immediately understand that he has resolved to do something bad.
- 3) The hunger and thirst for knowledge, the keen delight in the chase, the good humored willingness to admit the scent was false, the cheerful resolution to go back and begin again - all these will remain in my memory though I cannot paint them for others.
- 4) Resolve to be tender with the young, compassionate with the aged, sympathetic with the striving, and tolerant with the weak and wrong. Sometime in life you will have been all of these.
- 5) Wise to resolve, and patient to perform.

### ***Beginnings***

- 1) The beginning of wisdom is silence. The second step is listening.
- 2) Kindness is more important than wisdom, and the recognition of this is the beginning of wisdom.
- 3) The beginning and endings of all human undertakings are untidy.
- 4) Innovators and men of genius have almost always been regarded as fools at the beginning (and very often at the end) of their careers.
- 5) All great deeds and all great thoughts have a ridiculous beginning. Great works

As always please send articles or info for the WO to [newsletter@2cars.org](mailto:newsletter@2cars.org) we need your input.
